DANGEROUS

Dangerous - Dance/Disco/Deep House
This single is about the challenges that await us from birth. Life constantly confronts us with the decision to follow new paths or to stick to the old way of thinking. New ways can bring dangers and we are never protected from having to go through ups and downs. The most important thing is to never give up hope. Never let anyone or anything change you.

PEACE

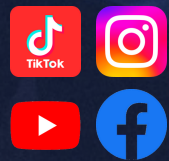

Peace - Electro/ House/ EDM

A song that doesn't need many words to reflect the importance of peace in the world. An expressive song with the aim to stimulate thoughts and emotions and to learn to appreciate life again. Peace, unity, friendship and family - 4 ways of life that have become empty words.

We should start living life through the eyes of a child. Children don't care where you come from, what you look like or what you do. Why do adults give them a world full of wars, pain and despair?
